Plaintiff DBMP LLC, a North Carolina limited liability company and the debtor and debtor in possession in the above-captioned chapter 11 case (“DBMP” or the “Debtor”), incorporates the statements contained in (a) the *Declaration of Michael T. Starczewski in Support of Debtor’s Complaint for Injunctive and Declaratory Relief and Related Motions* (the “Starczewski Declaration”), filed contemporaneously herewith, and (b) the *Declaration of Robert J. Panaro in Support of First Day Pleadings* (the “First Day Declaration”), filed in

¹ The last four digits of the Debtor’s taxpayer identification number are 8817. The Debtor’s address is 20 Moores Road, Malvern, Pennsylvania 19355.

the main docket for the Debtor's chapter 11 case (the "Chapter 11 Case"), and further states as follows:

INTRODUCTION

1. The Debtor commenced the Chapter 11 Case to finally and fairly resolve all asbestos-related claims against it through the consummation of a plan of reorganization that includes the establishment of a trust under section 524(g) of title 11 of the United States Code (the "Bankruptcy Code"). The relief sought by this adversary proceeding is critical to the Debtor's ability to proceed with and achieve that purpose.

2. In this regard, the Debtor requests a preliminary injunction under section 105(a) of Bankruptcy Code enjoining the continuation or commencement of any action by the defendants in this adversary proceeding (collectively, the "Defendants")² seeking to hold (a) the former CertainTeed Corporation ("Old CT"); (b) the Debtor's non-debtor affiliate, CertainTeed LLC ("New CT"); (c) the Debtor's other non-debtor affiliates set forth on Appendix B hereto (collectively with New CT, the "Non-Debtor Affiliates") and/or (d) third party distributors of Old CT's products that are set forth on Appendix B hereto (the "Distributors" and, collectively with Old CT and the Non-Debtor Affiliates, the "Protected Parties")³ liable—on any theory of liability, whether direct, derivative, joint and several, successor liability, vicarious

² The Defendants are all plaintiffs or potential plaintiffs in lawsuits that seek to hold, or may seek to hold, one or more of the Protected Parties liable for the DBMP Asbestos Claims, as such terms are defined herein. These Defendants, with the exception of the John and Jane Doe Defendants, are listed in Appendix A to this Complaint. Appendix A also identifies the law firms representing each of the Defendants on their asbestos claims. The Debtor reserves the right to supplement, amend or otherwise modify Appendix A.

³ The Protected Parties are listed on Appendix B to this Complaint. The Debtor reserves the right to seek to supplement, amend or otherwise modify the list of Protected Parties, including, in particular, to request that additional parties be included as Protected Parties.

liability, fraudulent or voidable transfer or conveyance, alter ego or otherwise—for any DBMP Asbestos Claims.⁴ As used herein, “DBMP Asbestos Claims” means, collectively, any asbestos-related claims against the Debtor, including all claims that formerly were asserted (or that could have been asserted) against Old CT relating in any way to asbestos or asbestos-containing materials.⁵ In the alternative, the Debtor seeks a declaration that section 362(a) of the Bankruptcy Code prohibits the commencement or continuation of such actions against any of the Protected Parties while the Chapter 11 Case remains pending. The Debtor also seeks a temporary restraining order, entered on limited notice, to immediately effectuate the requested injunctive and/or declaratory relief pending a final hearing on the merits.

3. The relief requested in this adversary proceeding is necessary and appropriate because the Debtor is solely responsible for the DBMP Asbestos Claims as a result of an internal corporate restructuring that was completed on October 23, 2019 (the “2019 Corporate Restructuring”). Continued prosecution of DBMP Asbestos Claims against the Protected Parties outside of this Court would undermine the Debtor’s Chapter 11 Case and the protections of the automatic stay imposed by section 362(a) of the Bankruptcy Code.

⁴ It is not necessary for the Court to decide whether the DBMP Asbestos Claims are direct or derivative claims as to the Protected Parties, as both fall within the ambit of section 524(g) of the Bankruptcy Code, 11 U.S.C. § 524(g)(4)(A)(ii), and are appropriately subject to the injunctive relief sought herein.

⁵ The DBMP Asbestos Claims do not include asbestos-related claims for which the exclusive remedy is provided under workers’ compensation statutes and similar laws. For the avoidance of doubt, DBMP Asbestos Claims include, without limitation, all asbestos personal injury claims and other claims for asbestos related liabilities allocated to DBMP from Old CT in the documents implementing the 2019 Corporate Restructuring (as defined below) — e.g., all asbestos personal injury claims and other asbestos-related claims arising in whole or in part from, or relating to, any conduct, action or failure to act of Old CT.

4. Contemporaneous with the filing of this Complaint, the Debtor filed a motion (the “Motion”) seeking the same relief requested in this Complaint and setting forth additional grounds why the relief requested herein is warranted.⁶

JURISDICTION AND VENUE

5. This Court has subject matter jurisdiction over this adversary proceeding pursuant to 28 U.S.C. §§ 157 and 1334. This adversary proceeding is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). For example, and without limitation, this matter is a core proceeding under (a) 28 U.S.C. § 157(b)(2)(A) (relating to “matters concerning the administration of the estate”) because the outcome will directly affect the Debtor’s ability to achieve a successful reorganization utilizing section 524(g) of the Bankruptcy Code to resolve all current and future asbestos claims and (b) 28 U.S.C. § 157(b)(2)(G) (relating to “motions to terminate, annul, or modify the automatic stay”) because it seeks to ensure the integrity and application of the automatic stay.

6. Venue is proper in this District pursuant to 28 U.S.C. § 1409.

BASIS FOR RELIEF

7. The statutory bases for the relief requested herein are sections 105(a) and 362(a) of the Bankruptcy Code.

8. The Debtor has commenced this adversary proceeding pursuant to Rules 7001(7), 7001(9) and 7065 of the Federal Rules of Bankruptcy Procedure (the “Bankruptcy Rules”).

9. The Debtor has made no prior request for the relief requested herein to this or any other court.

⁶ The Debtor fully incorporates the arguments and authority contained in the Motion as if fully set forth herein.

GENERAL BACKGROUND

10. On the date hereof (the “Petition Date”), the Debtor commenced a case by filing a voluntary petition for relief under chapter 11 of the Bankruptcy Code. The Debtor is continuing in possession of its property and is managing its business, as a debtor in possession, pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

THE PARTIES

11. The Debtor is a North Carolina limited liability company.

12. Each named Defendant in Appendix A is a plaintiff in a pending asbestos personal injury action against the Debtor and/or one or more of the Protected Parties to recover on account of DBMP Asbestos Claims. Absent the relief requested herein and in the Motion, the Debtor anticipates that the filing of the Chapter 11 Case will lead additional Defendants to pursue DBMP Asbestos Claims against the Protected Parties in an effort to avoid the automatic stay.

13. Each of Defendants John and Jane Does 1-1000 is a prospective plaintiff who may, at any time while the Chapter 11 Case is pending, seek to commence an action to pursue a DBMP Asbestos Claim against one or more of the Protected Parties.

14. The Protected Parties are (a) Old CT, (b) New CT, (c) the other Non-Debtor Affiliates (each of which is an “affiliate” of the Debtor, as such term is defined in section 101(2) of the Bankruptcy Code) as are set forth on Appendix B to this Complaint and (d) certain third party Distributors of Old CT’s products that are set forth on Appendix B to this Complaint.

FACTUAL BACKGROUND

The 2019 Corporate Restructuring

15. Old CT completed the 2019 Corporate Restructuring on October 23, 2019.

The purpose of the 2019 Corporate Restructuring was to provide additional flexibility to address Old CT's asbestos related claims, including through the commencement of a chapter 11 reorganization proceeding to globally resolve these claims without subjecting the entire Old CT enterprise to chapter 11. As a result of the 2019 Corporate Restructuring, which is described in greater detail in the First Day Declaration:

- a. Old CT ceased to exist;
- b. The Debtor and New CT were formed;
- c. The Debtor received certain of Old CT's assets, as set forth below, and became solely responsible for certain of its liabilities, including the DBMP Asbestos Claims and the defense of those claims;
- d. New CT received all other assets of Old CT and became solely responsible for all other liabilities of Old CT;
- e. A funding agreement (the "Funding Agreement") was established between New CT and the Debtor that ensures that the Debtor has the same ability to pay the DBMP Asbestos Claims as Old CT did before the 2019 Corporate Restructuring;⁷ and
- f. The Debtor agreed to indemnify New CT for any losses it might suffer related to DBMP Asbestos Claims.

⁷ Without any corresponding repayment obligation, the Funding Agreement obligates New CT to provide funding to pay for all costs and expenses of the Debtor incurred in the normal course of its business (a) at any time when there is no bankruptcy case and (b) during the pendency of any chapter 11 case, including the costs of administering the chapter 11 case, in both situations to the extent that any cash distributions received by the Debtor from its non-debtor subsidiary, Millwork & Panel LLC ("Millwork & Panel"), are insufficient to pay such costs and expenses. In addition, the Funding Agreement requires New CT to fund any amounts necessary or appropriate (a) to satisfy the Debtor's asbestos-related liabilities at any time when there is no bankruptcy case and (b) in the event of a chapter 11 filing, to provide the funding for a section 524(g) asbestos trust, in both situations to the extent that any cash distributions received by the Debtor from Millwork & Panel are insufficient to pay such costs and expenses and further, in the case of the trust funding, the Debtor's other assets are insufficient to provide that funding. First Day Decl. ¶ 21.

First Day Decl. ¶¶ 16–17.

16. The assets that the Debtor received at the time of the 2019 Corporate

Restructuring include:

- a. Three North Carolina bank accounts with approximately \$25 million in cash;
- b. A 100 percent equity interest in Millwork & Panel, which operates a profitable vinyl siding and polyvinyl chloride (PVC) trim products business that is projected to generate approximately \$16.0 million in EBITDA in 2020 and had an estimated fair market value of approximately \$150 million, including cash on hand, as of the Petition Date; and
- c. Old CT's rights and benefits under the Funding Agreement.

Id. ¶ 18 (also identifying other allocated assets).

The DBMP Asbestos Claims

17. The Debtor traces its history back to the General Roofing Manufacturing Company, an Illinois corporation formed in 1904, which in 1917 transferred all of its assets and liabilities to Certain-teed Products Corporation, a newly-formed Maryland corporation. Certain-teed Products Corporation changed its name to CertainTeed Corporation in 1976. Compagnie de Saint-Gobain, a French company ("Saint-Gobain"), became an indirect minority shareholder of CertainTeed Corporation in 1972, and an indirect majority shareholder in 1976. CertainTeed Corporation became an indirect wholly-owned subsidiary of Saint-Gobain in 1988 when Saint-Gobain's subsidiary, Saint-Gobain Investments, Inc. ("SGII"), merged with CertainTeed Corporation. SGII was the surviving entity and, in connection with the merger, SGII changed its name to CertainTeed Corporation. CertainTeed Corporation later converted to CertainTeed LLC, a Delaware corporation (i.e., Old CT).

18. Old CT manufactured and/or sold certain products that contained asbestos, including asbestos cement pipe, asphalt roofing products, other asbestos cement products such as

siding shingles, joint compound products and specialty railroad insulation materials. First Day Decl. ¶ 25. Old CT also purchased and resold certain asbestos-containing products manufactured by other companies. Id. Certain asbestos cement pipe products continued to be produced and sold until 1992 and 1993, at which time Old CT ceased all production and sales of asbestos-containing products. Id. Old CT ceased manufacturing and selling most other asbestos-containing products, however, by the 1970s or early 1980s. Id.

The Debtor's Decision to File for Chapter 11 Reorganization

19. The Debtor and Old CT have faced hundreds of thousands of asbestos-related claims since the 1970s — over 40 years ago. First Day Decl. ¶ 27. As of the Petition Date, more than 60,000 asbestos-related claims and associated lawsuits against the Debtor were pending on court dockets in jurisdictions throughout the United States, including approximately 32,700 claims on active dockets and the remainder pending on “inactive” dockets. First Day Decl. ¶ 28. The Debtor expects that, absent its bankruptcy filing, thousands of additional claims would have been filed against it for decades to come. Id.

20. The extraordinary historical costs and anticipated ongoing costs of this asbestos litigation have been a significant and continuing burden. Since 2002 alone, the Debtor and Old CT have incurred costs of approximately \$2 billion defending and resolving over 300,000 personal injury lawsuits relating to alleged asbestos exposure. Id. ¶ 27. Having long ago exhausted insurance coverage for asbestos claims, Old CT and the Debtor have borne the brunt of these costs — together paying approximately \$1.5 billion of that amount out of pocket. Id. And there appears to be no end in sight to the extraordinary and unflagging costs of litigating, defending and resolving such asbestos claims. Id. ¶ 34.

21. The Debtor is solely responsible for all liability arising from the DBMP Asbestos Claims pursuant to the documents implementing the 2019 Corporate Restructuring, and

DBMP has communicated this fact to various Defendants' counsel. Starczewski Decl. ¶ 9. Nonetheless, in the wake of the 2019 Corporate Restructuring, Defendants immediately began naming New CT and other Non-Debtor Affiliates as defendants in newly-filed DBMP Asbestos Claims or adding (or seeking to add) New CT as a defendant in previously-filed DBMP Asbestos Claims. Over the last three months, New CT has been named in or added (or sought to be added) as a defendant in approximately 74 such cases. Id. In certain of these cases, Defendants have sought to recover on DBMP Asbestos Claims against New CT by attacking the 2019 Corporate Restructuring as a fraudulent conveyance. They have done so even though the design of the restructuring ensures that the Debtor has the same ability to fund the costs of defending and resolving present and future asbestos claims, both in state and federal courts and in connection with any chapter 11 filing, as Old CT did before the 2019 Corporate Restructuring. Id. ¶ 10. At least one action to recover on DBMP Asbestos Claims has been filed against New CT asserting alter ego claims. Id. On a daily basis, answers are coming due, depositions and court appearances are scheduled and other activities are taking place in cases asserting DBMP Asbestos Claims that, in the absence of the requested injunctive relief, the Debtor will have to manage and defend. Id. ¶ 9.

22. As described in the First Day Declaration, the costs of resolving and defending asbestos claims asserted against the Debtor show no signs of abating. First Day Decl. ¶ 34. Given these realities, after careful review of the available alternatives, the Debtor concluded that the commencement of a chapter 11 reorganization utilizing section 524(g) of the Bankruptcy Code was appropriate and necessary, as it offered the best alternative under the circumstances — in fact, the only alternative — to permanently, globally and fairly resolve the DBMP Asbestos Claims. Id. ¶ 36.

THE NEED FOR THE REQUESTED RELIEF

23. The Debtor commenced the Chapter 11 Case to achieve a fair and global resolution of all pending and future asbestos-related claims against it through the consummation of a plan of reorganization that includes the establishment of a section 524(g) trust.

The injunctive and declaratory relief sought by this adversary proceeding (and the related Motion) is critical to the Debtor's ability to proceed with and achieve that purpose.

24. As a result of the automatic stay triggered by the Debtor's bankruptcy filing, and in the absence of the relief requested by this Complaint and the Motion, the Debtor believes that:

- a. Many Defendants who already have asserted DBMP Asbestos Claims against the Protected Parties will contend that the automatic stay applies only to the Debtor and will attempt to continue prosecuting such claims against Old CT, New CT and other Protected Parties outside of the Chapter 11 Case;
- b. Many Defendants who have sued only the Debtor will seek to amend their complaints to name one or more of the Protected Parties and prosecute DBMP Asbestos Claims against those Protected Parties outside of the Chapter 11 Case;
- c. Any Defendants who have pending motions to amend their complaints to add certain of the Protected Parties will continue to pursue those amendments in an effort to proceed with litigation against the Protected Parties outside of the Chapter 11 Case; and
- d. Defendants John and Jane Does 1-1000 will file DBMP Asbestos Claims against the Protected Parties, particularly Old CT and New CT, but not the Debtor.

Starzewski Decl. ¶ 14.

25. All DBMP Asbestos Claims asserted against the Protected Parties allegedly arose from the manufacture and/or sale of asbestos-containing products by Old CT or

certain companies it acquired, and other actions for which Old CT was responsible.⁸ Id. ¶ 11. Now, the Debtor is solely responsible for all of these potential liabilities. Id. Accordingly, all such claims are either claims against the Debtor or claims that are tantamount to claims against the Debtor. Id. Permitting the Defendants to continue or commence DBMP Asbestos Claims against the Protected Parties while the Debtor simultaneously works to restructure by resolving the same claims in the Chapter 11 Case pursuant to section 524(g) of the Bankruptcy Code would (a) defeat the purpose of the Chapter 11 Case, (b) result in irreparable harm to the Debtor's estate, (c) undermine and circumvent the purposes and spirit of the automatic stay and (d) divert the Debtor from its reorganization efforts. Id. ¶ 13.

NATURE OF RELIEF REQUESTED

26. To guard against the severe and irreparable harm that the Debtor would suffer in the event that Defendants are permitted to continue or commence DBMP Asbestos Claims against the Protected Parties (on any theory of liability) during the Debtor's bankruptcy proceeding, the Debtor seeks: (a) a preliminary injunction prohibiting the Defendants from commencing or continuing to prosecute any DBMP Asbestos Claims against any Protected Party while the Chapter 11 Case remains pending; or (b) alternatively, a declaration that, while the Chapter 11 Case remains pending, the commencement or continued prosecution of any DBMP

⁸ Certain asbestos claimants have asserted claims against the Distributors on account of their previous distribution and/or sale of products manufactured by Old CT (or certain companies acquired by Old CT) that contained, or are alleged to have contained, asbestos material. To the extent a Distributor is held liable for a claim arising out of the products manufactured and/or sold by Old CT or certain of the companies it acquired, and not by independent actions of the Distributors (i.e., such that those claims are DBMP Asbestos Claims), the Debtor likely has an obligation to indemnify the Distributors under certain state law. See, e.g., RESTATEMENT (SECOND) OF TORTS § 886B (AM. LAW INST., 1979) (establishing obligation to indemnify party that is held vicariously liable for the conduct of the indemnitor); RESTATEMENT (THIRD) OF TORTS § 22 (AM. LAW INST., 2000) (same, and also expressly establishing a right to recover indemnity where indemnitee was held liable only as the seller of a product supplied to the indemnitee by the indemnitor).

Asbestos Claims against any Protected Party constitutes a violation of the automatic stay imposed by section 362 of the Bankruptcy Code.⁹ The Debtor also seeks a temporary restraining order, issued on limited notice, that prohibits the Defendants from filing or continuing to prosecute any DBMP Asbestos Claims against any Protected Party pending a final hearing on the merits.

**Count I: Preliminary Injunctive Relief,
Pursuant to Sections 105 and 362 of the Bankruptcy Code**

27. The Debtor incorporates by reference paragraphs 1 through 26 as if fully set forth herein.

28. Section 105(a) of the Bankruptcy Code authorizes and empowers this Court to issue any orders that will further the purposes and goals of the Bankruptcy Code, assist in the orderly and effective administration of the Chapter 11 Case, aid in the preservation of the assets of the Debtor's estate and aid in the formulation and confirmation of a chapter 11 plan that maximizes recovery to all of the Debtor's creditors.¹⁰

29. Pursuant to sections 105(a) and 362 of the Bankruptcy Code, this Court may enjoin creditor actions against third parties where necessary to prevent an adverse impact on the Debtor's estate or to assure the orderly administration of the Debtor's chapter 11 estate and proceedings. An injunction is appropriate in this case to prohibit the Defendants from filing or continuing to prosecute any DBMP Asbestos Claims against the Protected Parties while the

⁹ This injunction would include, without limitation: (a) the pursuit of discovery from the Protected Parties or their officers, directors, employees or agents; (b) the enforcement of any discovery order against the Protected Parties; (c) further motions practice related to the foregoing; and (d) any collection activity on account of a DBMP Asbestos Claim against any Protected Party or its officers, directors, employees or agents or its respective assets.

¹⁰ Section 105(a) of the Bankruptcy Code provides, in relevant part, that the Court "may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of [the Bankruptcy Code]." 11 U.S.C. § 105(a).

Chapter 11 Case remains pending. Further, such an injunction is critical to the Debtor's ability to proceed with and achieve the purposes for which it commenced its reorganization case.

30. In the Fourth Circuit, courts considering the propriety of an injunction under section 105(a) apply the traditional four-factor test for injunctions, as tailored to the unique circumstances of bankruptcy. In bankruptcy, these four factors are: (a) the debtor's reasonable likelihood of successful reorganization; (b) the imminent risk of irreparable harm to the debtor's estate in the absence of an injunction; (c) the balance of harms between the debtor and its creditors and (d) whether the public interest weighs in favor of an injunction.

31. Here, the Debtor is likely to prevail on the merits of its Complaint under Fourth Circuit standards. First, the Debtor's prospects for a successful reorganization are strong. The Debtor has entered bankruptcy in good faith and in an effort to permanently, globally and equitably resolve tens of thousands of current and future DBMP Asbestos Claims through the establishment of a section 524(g) trust. The Debtor also has the ability to fully fund its reorganization, including a section 524(g) trust and the administrative costs of its Chapter 11 Case.

32. Further, the failure to grant the requested injunction would irreparably harm the Debtor's reorganization efforts and effectively deprive the Debtor of the breathing spell afforded by the automatic stay. Moreover, continued prosecution of DBMP Asbestos Claims against the Protected Parties would amount to continued prosecution of those claims against the Debtor in the tort system because the Debtor has a contractual obligation to indemnify New CT and likely has common law obligations to indemnify both New CT and other Protected Parties in

the event any of them is held liable for DBMP Asbestos Claims.¹¹ Therefore, recoveries against these entities could have the effect of fixing asbestos-related claims against the Debtor outside of the Chapter 11 Case.

33. An additional risk of continued litigation of DBMP Asbestos Claims against the Protected Parties is that the resolution of claims and issues in such litigation could bind the Debtor under the doctrines of collateral estoppel and *res judicata*. Litigation of the DBMP Asbestos Claims against the Protected Parties also creates a substantial risk that asbestos claimants will use statements, testimony and other evidence generated in those proceedings to try to establish the Debtor's liability. To avoid these types of risks, and because the Debtor is in possession or control of relevant documents, the Debtor would be compelled to actively participate in litigation of the DBMP Asbestos Claims in the tort system. This would undermine the automatic stay and divert the attention of key Debtor personnel from the reorganization process.

34. The balance of the harms weighs heavily in favor of an injunction because prosecution of the DBMP Asbestos Claims against the Protected Parties in the tort system would cause irreparable harm to the Debtor and its estate. Failure to issue an injunction also may prejudice certain Defendants by leading to different recoveries among similarly situated claimants depending on whether they recover through the tort system or a future, court-approved section 524(g) trust.

35. On the other hand, the harm, if any, that issuing an injunction might cause the Defendants is minimal. Although an injunction may delay the efforts of certain Defendants

¹¹ In addition, the Debtor likely has an obligation under certain state law to indemnify the Distributors for liabilities relating to the products manufactured by Old CT, or certain companies it acquired, and distributed or sold by the Distributors.

to litigate DBMP Asbestos Claims against New CT or other Protected Parties, plaintiffs in the tort system typically sue multiple parties, other than the Debtor and the Protected Parties, and their claims can continue to be prosecuted and collected against those other parties notwithstanding the entry of the requested injunction. In addition, litigation, particularly mass tort asbestos litigation, generally requires extensive discovery, involves numerous parties and presents complicated questions of causation. Starczewski Decl. ¶ 21. Such litigation is rarely efficient and often goes on for many years. For example, as of the Petition Date, nearly half of DBMP's approximately 32,700 pending asbestos claims on active dockets had been filed more than 10 years ago (in addition to the more than 27,000 claims pending on "inactive" dockets, many of which have been in that status for years). Id. By contrast, a section 524(g) trust that is ultimately established by a confirmed plan of reorganization in the Chapter 11 Case would allow for more efficient and uniform recoveries for Defendants — including future claimants who have yet to institute litigation — than generally are possible in the tort system. Moreover, mere delay to the Defendants does not outweigh the irreparable harm to the debtor's estate.

36. The Defendants also cannot demonstrate harm based on the speculation that an injunction will deprive them of the ultimate payment for their claims. In total, the Debtor's value is approximately \$175 million, not taking into account the Funding Agreement it has with New CT. First Day Decl. ¶ 18. Under the Funding Agreement, New CT is contractually obligated to, among other things: (a) fund the costs of the Chapter 11 Case, to the extent that any cash distributions received from Millwork & Panel are insufficient; and (b) provide funding for a section 524(g) trust in the full amount required by a confirmed plan of reorganization, to the extent that cash distributions from Millwork & Panel and the Debtor's

other assets are insufficient to pay such amounts. Id. ¶ 21. In either case, the Funding Agreement imposes no repayment obligation on the Debtor; it is not a loan. Id.

37. Finally, the public interest weighs in favor of an injunction. There is a strong public interest in a successful chapter 11 reorganization, and injunctive relief is critical to the Debtor's reorganization efforts. It also is in the public interest to promote justice in the court system by resolving all DBMP Asbestos Claims in a fair and equitable manner. This result is not possible if piecemeal litigation of the DBMP Asbestos Claims in the tort system circumvents the bankruptcy process. For that reason, a successful reorganization under chapter 11 – and an injunction that makes such reorganization possible — particularly serve the public interest in the asbestos context because they allow for the resolution of thousands of claims in a uniform and equitable manner.

38. Accordingly, an injunction barring the Defendants from commencing or continuing any DBMP Asbestos Claims against one or more Protected Parties while the Chapter 11 Case remains pending is appropriate and essential to the orderly and effective administration of the Debtor's estate. Good cause exists for the entry of injunctive relief pursuant to sections 105(a) and 362(a) of the Bankruptcy Code and Bankruptcy Rule 7065.

WHEREFORE, the Debtor respectfully requests that this Court: (a) after notice and a hearing, issue a preliminary injunction pursuant to sections 105 and 362 of the Bankruptcy Code prohibiting the filing or continued prosecution of DBMP Asbestos Claims against the Protected Parties while the Chapter 11 Case remains pending and (b) grant such other and further relief as the Court may deem proper.

Count II: Declaratory Relief
Pursuant to Section 362 of the Bankruptcy Code

39. The Debtor incorporates by reference paragraphs 1 through 38 as if fully set forth herein.

40. Section 362(a)(1) of the Bankruptcy Code prohibits the “commencement or continuation . . . of a judicial . . . proceeding against the debtor that was or could have been commenced before the commencement of the case under this title, or to recover a claim against the debtor that arose before the commencement of the case under this title.”

11 U.S.C. § 362(a)(1).

41. The continuation and commencement of DBMP Asbestos Claims against Old CT, which are unequivocally efforts to recover on claims against the Debtor, are automatically stayed. As described above, Old CT no longer exists and the Debtor is solely responsible for the DBMP Asbestos Claims of Old CT. Thus, the commencement or continuation of DBMP Asbestos Claims against Old CT can have only one purpose: the liquidation and recovery of claims against the Debtor. Because the DBMP Asbestos Claims allege liabilities arising out of Old CT’s actions years before the Petition Date, the automatic stay expressly enjoins actions to commence or continue prosecution of such claims.

42. Section 362(a)(3) of the Bankruptcy Code operates automatically to stay, among other actions, “the commencement or continuation . . . of a . . . proceeding against the debtor . . . to obtain possession of . . . or to exercise control over property of the estate.”

11 U.S.C. § 362(a)(3). Courts in the Fourth Circuit and elsewhere have recognized that certain theories of recovery through which claimants seek to liquidate a debtor’s liability on a claim against a non-debtor are property of the debtor’s estate. Those theories include alter ego, successor liability and fraudulent transfer theories.

43. Here, certain Defendants already have sought to recover on DBMP Asbestos Claims against New CT by attacking the 2019 Corporate Restructuring as a fraudulent conveyance. Starczewski Decl. ¶ 10. At least one action to recover on DBMP Asbestos Claims has been filed against New CT asserting alter ego claims. Id. The Debtor expects that, absent injunctive relief, Defendants will attempt to pursue additional DBMP Asbestos Claims against the Non-Debtor Affiliates using alter ego and successor liability theories, as well. Id. All of these claims constitute property of the Debtor's estate. As a result, section 362(a)(3) of the Bankruptcy Code should apply to stay their prosecution by the Defendants.

44. Additionally, Fourth Circuit precedent recognizes that the automatic stay imposed by section 362(a)(1) may extend of its own force to enjoin actions against parties who share such an identity of interests with the debtor that the debtor is, in effect, the real party defendant. Here, the Debtor and the Protected Parties — New CT in particular — share this identity of interests and the Debtor is, in effect, the real party defendant with respect to the DBMP Asbestos Claims brought against the Protected Parties for several reasons. First, as discussed above, litigation of the DBMP Asbestos Claims against the Protected Parties could effectively liquidate claims against the Debtor by triggering existing indemnification rights. Second, such litigation creates risks of binding the Debtor through *res judicata* and collateral estoppel, and creating an evidentiary record that prejudices the Debtor. Finally, all liability for the DBMP Asbestos Claims was exclusively allocated to the Debtor through the 2019 Corporate Restructuring. Because the Debtor is the real party defendant in any suit seeking to liquidate and recover on a DBMP Asbestos Claim, section 362(a)(1) of the Bankruptcy Code applies to stay such actions.

45. Accordingly, whether the Court relies on its broad powers under section 105 or looks to Fourth Circuit precedent with respect to the application of the automatic stay, the injunctive and/or declaratory relief the Debtor seeks in this Complaint and in the Motion is necessary and appropriate to protect both the integrity of the bankruptcy proceeding and the Debtor's prospects for a successful reorganization.

WHEREFORE, the Debtor respectfully requests that this Court: (a) after notice and a hearing, enter an order and judgment declaring that the commencement or continued prosecution of DBMP Asbestos Claims against one or more Protected Parties while the Chapter 11 Case remains pending violates the automatic stay imposed by section 362(a) of the Bankruptcy Code and (b) grant such other and further relief as the Court may deem proper.

Count III: Application for Temporary Restraining Order

46. The Debtor incorporates by reference paragraphs 1 through 45 as if fully set forth herein.

47. To preserve the effectiveness of the automatic stay until this Court has the opportunity to hold a final hearing on the Debtor's request for declaratory and/or injunctive relief, and to prevent the foregoing harmful effects upon the Debtor's estate, the Debtor requests that, with limited notice, the Court issue a temporary restraining order prohibiting and enjoining the Defendants from filing or continuing to prosecute DBMP Asbestos Claims against the Protected Parties until this Court has issued a final ruling on the merits.

48. The issuance of a temporary restraining order is warranted for the reasons already set forth herein and as more fully set forth in the Motion. In addition, it is appropriate for the Court to grant the temporary restraining order with limited notice to the Defendants. The Debtor cannot realistically provide effective notice to the many named plaintiffs who have sued or may sue the Protected Parties in the short period of time in which this Court's action is

needed. Further, Defendants John and Jane Does 1-1000 are putative plaintiffs for future asbestos actions against the Protected Parties and are unknown at this time.

WHEREFORE, the Debtor respectfully requests that this Court enter a temporary restraining order: (a) prohibiting the Defendants from filing or continuing to prosecute any DBMP Asbestos Claims against the Protected Parties until the Court decides whether to grant the Debtor's request in this Complaint and the Motion for injunctive and/or declaratory relief; and (b) granting such other and further relief as the Court may deem just and proper.

Dated: January 23, 2020
Charlotte, North Carolina

Respectfully submitted,

/s/ Garland S. Cassada
